

“Logistics, The Machine That Never Stops”

Suppliers & manufacturing - Warehousing - Transportation - Distribution - Consumers

Just in Time

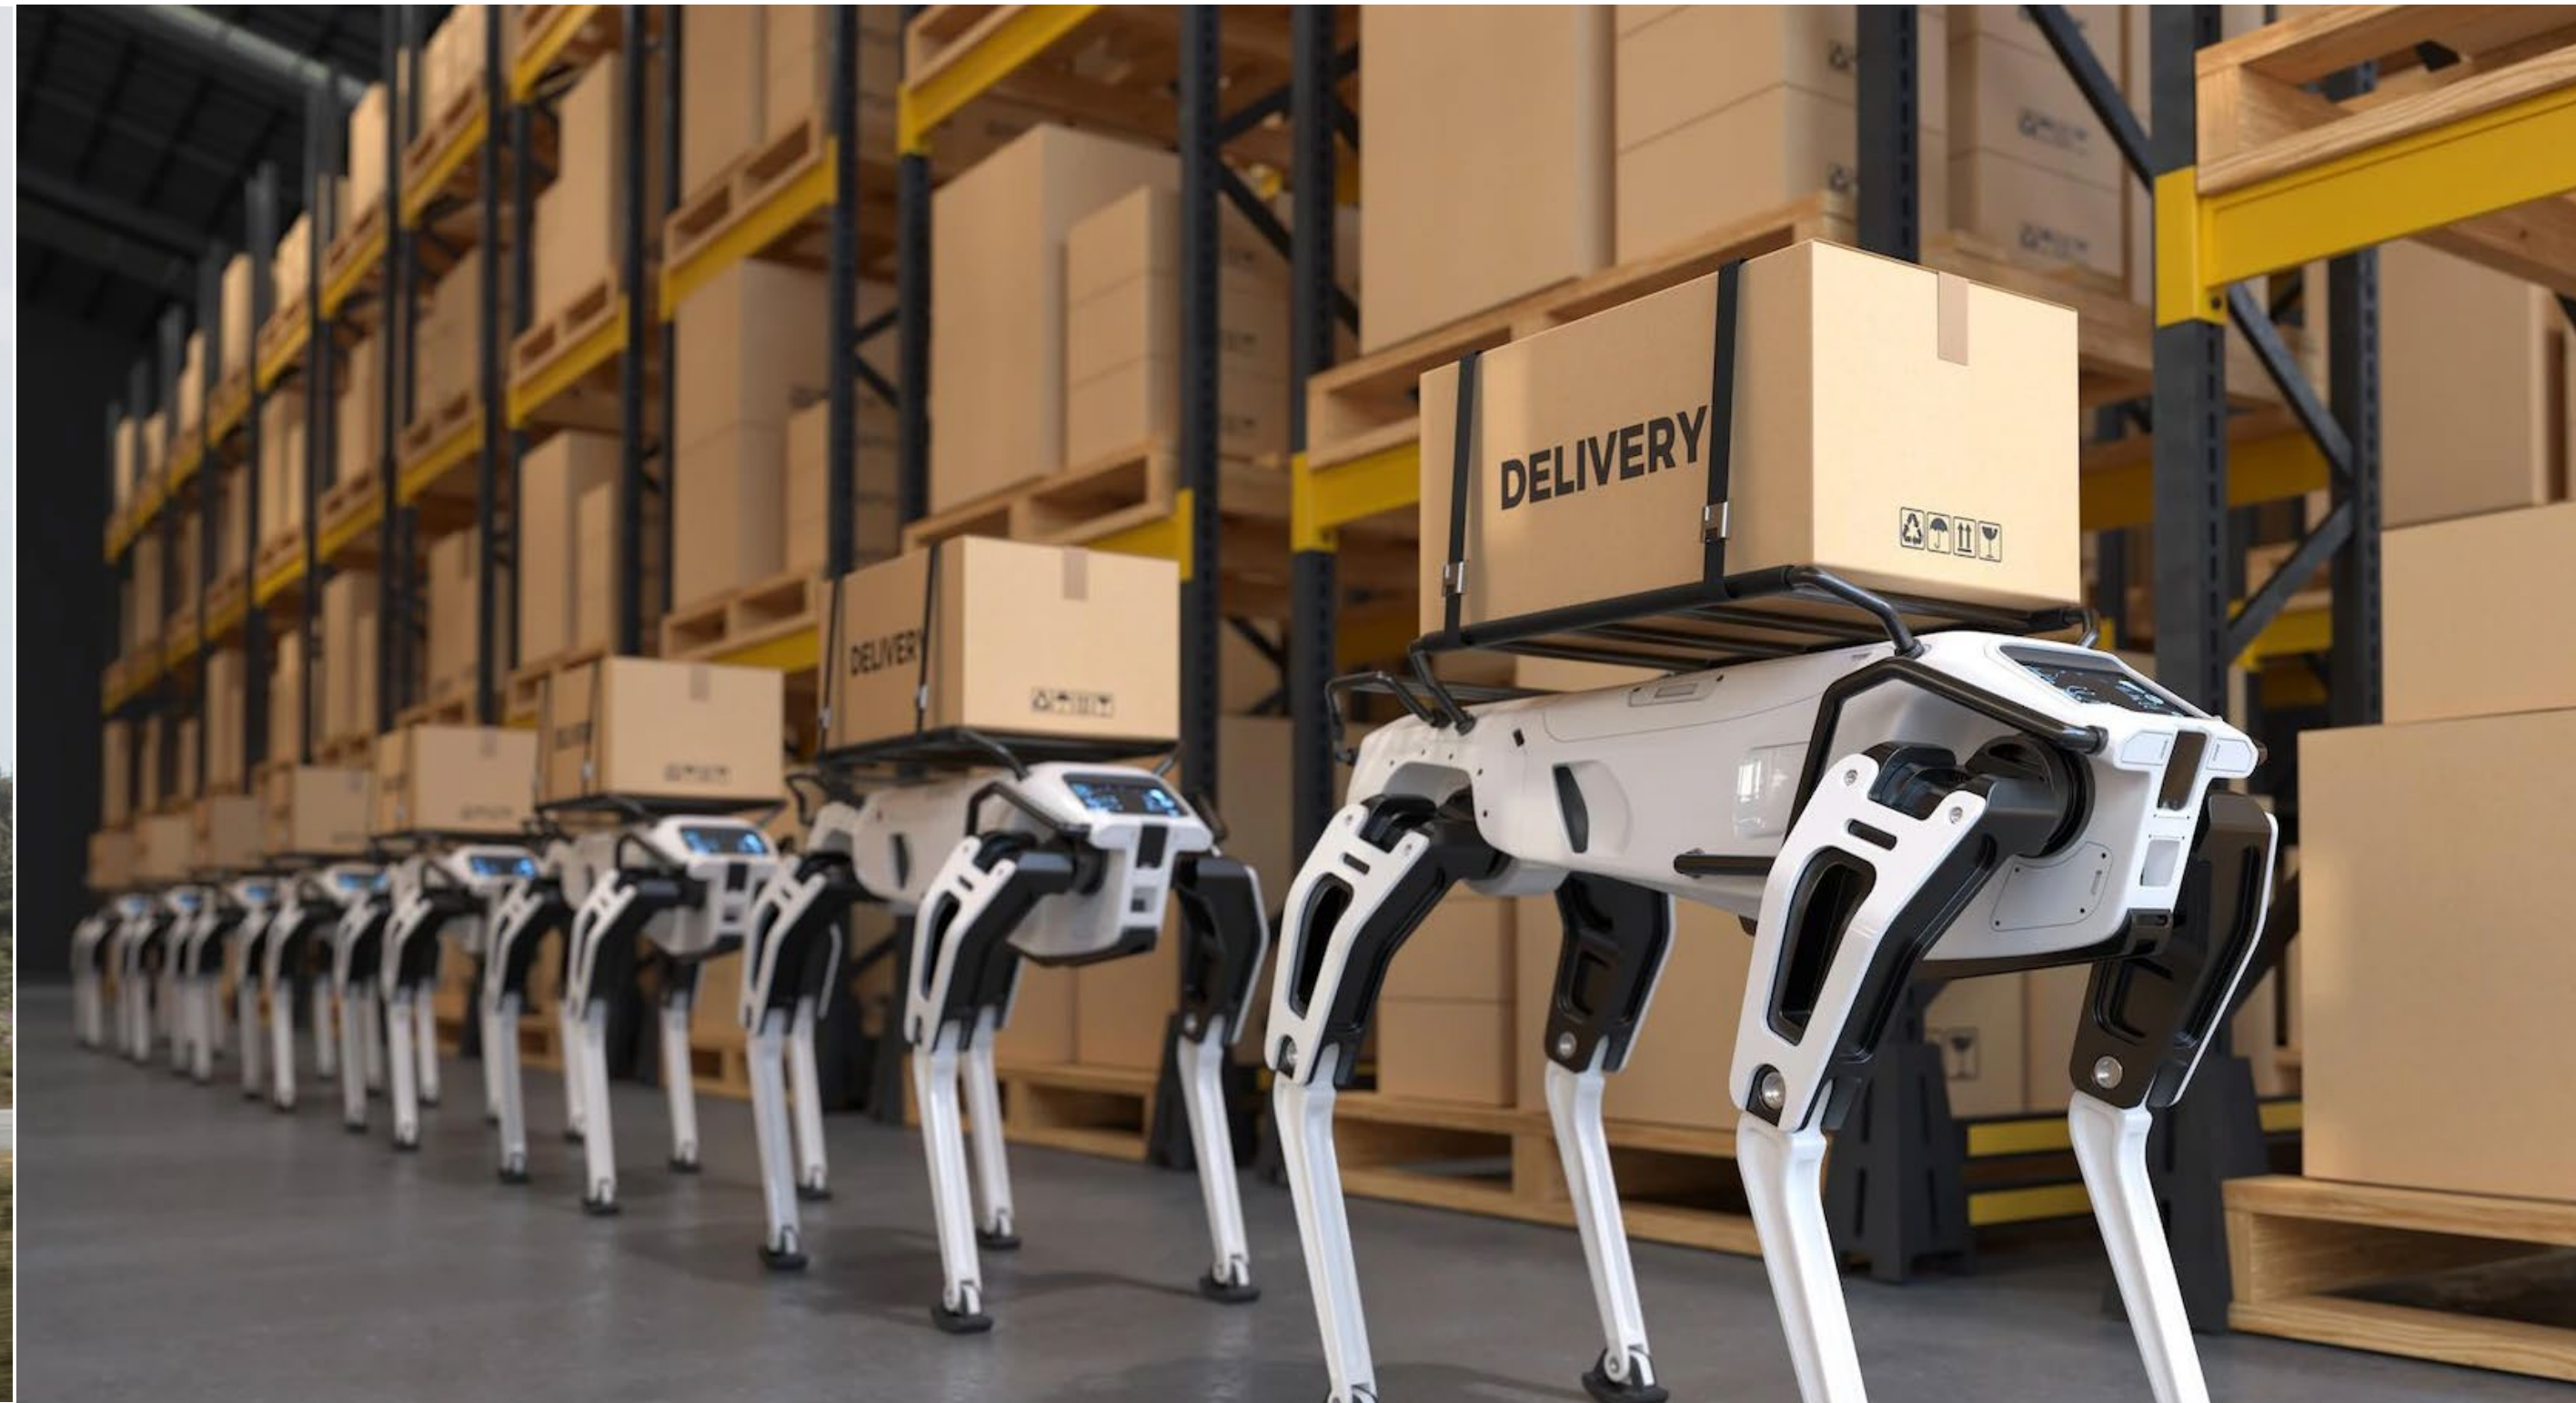

“Logistics Beyond Infrastructure”

In normal conditions, logistics is the bloodstream of our society.

But when a crisis strikes, it becomes the lifeline.

“Dual-use”

How can we justify costs in normal times

“How We Enter the Game”

Support the backbone: Support the large-scale systems to extend their reach - first and last mile

Empower people: Safety, skill, and support for those who keep the logistic machine moving

Add agility: Delivering resilience and business value - when it matters most and every day

“Call to action”

We are looking for partners to bring our patented lifting innovation into

Into real-world logistic operations

“We don’t just lift loads - We lift resilience”

Vielen Danke für Ihr Interesse - Kiitos paljon mielenkiinnostanne - Thank you very much for your interest

“Lets continue at the Business Oulu booth”
